### Variety:

- Viura y malvasía from our oldest vineyards of Cordovín.

### Production:

- Grape fermented in steel tanks at 17°C

### Tasting Note:

- Its colour is pale yellow with greenish straw shades and tones of ripe lemon. Clean and bright with release of fine bubbles.
- In the nose clean aroma of fruits and white flowers appears gradually with elegance. It is definitely a lively and fresh wine, sweet and balanced with wide and tasty persistence.
- In the mouth the attack is seen in a fine needle. Alive and fresh, very mellow and balanced and very complex in flavors. It emphasizes in it the essence of the Malvasía that it surrounds with a note of sweetness. Also its wide and tasty persistence generates the pleasant final sensation of mouth.
- 

**Recommended Temperature to serve:**  
7°C / 10°C
