## OAK-AGED RED 2024

D.O.C.A. RIOJA

**VARIETY:** Tempranillo and Garnacha

**AGING:** 6 months in American oak

**VINEYARDS:** Alto Najerilla area, from high-altitude vineyards

Our Oak-Aged Red is a very special wine that captures all the character, flavor and freshness of the typical Tempranillo and Garnacha grapes from our Upper Rioja area. It also brings subtle background notes of vanilla and caramel. This combination makes it an irresistible, approachable and easy-drinking wine.

### VINEYARDS, CLIMATE AND SOIL

Garnacha and Tempranillo grapes from Alto Najerilla, grown in vineyards at an average altitude of 600 meters. The grapes come from old vines (35-50 years old) located in Badarán and Cárdenas.

Tempranillo provides structure, finesse and elegance, while Garnacha adds a light fruity embrace and vibrant expression.

The Atlantic-influenced climate, with cold winters, warm summers and long, mild autumns, ensures slow ripening perfect for achieving the grape qualities that give this wine its balance and sophistication.

The soils, predominantly clay-calcareous and iron-rich clay, offer balanced composition, slightly alkaline pH, abundant organic matter, and moderate water availability through summer. The soils, predominantly clay-calcareous and iron-rich clay, offer balanced composition, slightly alkaline pH, abundant organic matter, and moderate water availability through summer.

### TECHNICAL SPECIFICATIONS

The grapes were hand-harvested in mid-October following meticulous ripeness monitoring. They underwent 100% destemming and fermentation at controlled temperatures between 25-28°C for 10 days, maximizing extraction of varietal character and terroir expression.

### TASTING NOTES

Intense violet hue, vibrant and expressive of its youth.

**Aroma:** Intense wild berry aromas, with prominent strawberry and raspberry notes. Highly attractive on the nose and inviting to taste.

**Palate.** Both Tempranillo and Garnacha shine, delivering an explosion of fruity flavors. Juicy, tasty and very fresh, with good body, volume, and a long, persistent finish.

Serve at 12-14°C. Alcohol: 14% vol. Contains sulfites.
