

## Caecus Crianza

Our own grapes are harvested at optimum maturity and age in oak barrels, giving the Caecus Crianza great personality.

**TECHNICAL SPECIFICATIONS:** Alcohol content: 14%.

**Variety:** Tempranillo 100%. **Crianza:** 14 months in a new barrel made of French and American oak.

**Serving temperature:** between 17 and 20°C.

**TASTING NOTES:** A deep robe with very young expression and notes. Intense, fine and prolonged aroma. The ripe fruit combines elegantly with the toasted and smoky notes typical of a new hardwood. In the mouth, ample tannins and balsamic notes. It is a velvety, balanced wine with a long aftertaste. The ideal companion for Mediterranean dishes, pies, stews, charcoal grilled and stewed meat, cold meats, cheese and pales.
