

Las GEMELAS MARAVILLA

A wine with character, like the "Gemelas Maravilla" (Wonder Twins) - fresh, harmonious, agile, with contained tension, just like their performance where the synchronization of elements (flying plates, juggling clubs...) keeps us constantly on edge. A wine that offers a playful freshness of youth while maintaining the great effort and craftsmanship required to create an exceptional and thrilling circus act.

A wine that amazes.

SAN MARTÍN DE ÁBALOS

BODEGAS
Y VIÑEDOS

TECHNICAL DATA

Type: Single-vineyard wine
Region: Q.D.O. RIOJA
Variety: 100% Viura
Vintage: 2022
Alcohol by volume: 13% Vol.

RIOJA ALTA

Viura, a variety that in our 80-year-old vineyards rewards us with ripe and balanced grapes. During its six-month fermentation process in oak barrels with its lees, it acquires nuances from the selected woods, resulting in a wine with straw yellow hues, floral and fruity aromas and fresh flavours.

A wine that awakens your senses.

TASTING

Visual phase:

Clean, bright, with a straw yellow colour.

Olfactory phase:

On the nose, medium-high intensity, with hints of white fruits and flowers, accompanied by sweet spices and toasted notes.

Gustatory phase:

A smooth and fresh attack, with a fat mouthfeel and a long, clean finish.

Serving temperature: 10-13°C.

Food pairing: An excellent choice for meals and dinners, pairing well with white meats, fish, stews.

2022 VINTAGE

A year marked by severe drought and low yields per hectare. The hot summer resulted in very low yields in our Viura parcels and great concentration. This prompted an early harvest, which extended due to the favourable weather in late September and October, allowing for selective harvesting at optimal ripeness. This vintage has been rated as excellent by the Governing Body.

PARCEL

Our elegant barrel-fermented white wine comes from an octogenarian parcel (planted over 80 years ago) with yields of 3000-4000kg per hectare, located in the high area of Fonzaleche. Its age and low production, combined with fermentation in American oak barrels, impart great aromatic complexity and a wonderful mouthfeel to the wine.
