

GR99 PRIMERA IMPRESIÓN

the vineyard

Vineyard planted in 1982.

Located in the area of Jarrarte in San Vicente de la Sonsierra, on the banks of the River Ebro.

Special ripening control due to the hot weather of the área.

Ferrous-clay soils, not very deep. It has a particularly high pebble content, which gives the vineyard unique and particular characteristics when compared to surrounding vineyards.

winemaking

Early harvest with bunch selection in the vineyard.

Once in the winery, it ferments in stainless steel tanks with controlled temperatura.

Malolactic fermentation took place in French oak barrels. Short ageing in the same French oak barrels during 4 months.

Ltd. production: 3.000 bottles

tasting notes

Explosion of aromas which fills all the senses, showing the character of fruit from Sonsierra.

Light toasted notes appear when the wine opens up. Black licorice. Gummy.

On the palate it shows the notable acidity of grapes from this vineyard.

Little tannin and very smooth entry.

Vibrant, fresh and funny
